Message from Dean
of Faculty of Fine and Applied Arts
Dhurakij Pundit University

The National Conference in Art, Culture, and Design and The 5th International Arts and Designs Collaborative Exhibitions are collaborative projects among 4 universities in the 4U Plus Network and Council of Arts and Design Deans of Thailand (CADDT) to create a platform for disseminating research papers and creative works. Arising from the academic services and research of lecturers, students, interested persons, and artists all over the world in art and design.

This cooperation is the third joint event. Every year, there will be more works submitted to be published through all areas of art. Faculty of Fine and Applied Arts, Dhurakij Pundit University, as a co-host, was delighted to see the sustainability of the project, wider exchange of ideas to share and to discuss theoretical and practical knowledge about art and design, and to expand knowledge to help develop the quality of art education for further progress.

Thank you to all involved parties who participated in making this activity happen.

Thank you to the university network and all artists for submitting their creative works to show the value of art in various aspects. We sincerely hope that this conference and exhibition will drive awareness of the importance of works in art, culture, and design even more.

Kamonsiri Wongmuek
Dean of Faculty of Fine and Applied Arts
Dhurakij Pundit University

Message from Dean
of the Faculty of Fine and Applied Arts
Burapha University

The 5th National Academic Conference for the Advancement in Art, Culture and Design and the International Arts & Designs Collaborative Exhibition provide a great platform of knowledge exchange between artists, academics, and scholars, specialized in visual arts and design. The conference aims to promote academic research in the field of art, culture, and design in line with the strategic plan initiated under the collaboration of four allied universities.

This year, the conference is under the theme of "Sustainability in Creative Art & Designverse". The Conference and the Art Exhibition are expected to contribute to the development of learning and teaching as well as to promote new aspects of art knowledge. This event will also facilitate collaborations, within and among art institutes and universities, thereby being a fruitful benefit to all participants, academics, artists, and scholars. Moreover, we believe this conference will help broaden art knowledge, concepts, inspirations to communities, society, and our country.

On behalf of Faculty of Fine and Applied Arts, Burapha University, I would like to express my sincere thanks to our partners 4U PLUS that comprised of these four universities, the organizing committee and our international partners representing many well-known institutions. Also, I would like to thank all organizers, academics, artists, designers who have worked on putting this successful meeting together.

I sincerely hope that this 5th National Academic Conference for the Advancement in Art, Culture and Design and the International Arts & Designs Collaborative Exhibition will encourage further collaborations among art and design institutions, cultural centers, a circle of researchers, artists and designers from Thailand and different countries to develop their promising partnership networks.

This will, in turn, contribute to the country's development of its education system, learning and teaching methods and help create the new knowledge assets in terms of art, culture and design going forward.

Associate Professor Dr. Seksan Tanyapirom
Dean of the Faculty of Fine and Applied Arts
Burapha University

Message from Dean
of Faculty of Fine and Applied Arts
Prince of Songkla University

The government's policy has set the concept of Creative Economy and Digital Economy as one of the important mechanisms in driving the country's economy, with the Thailand 4.0 Policy as an important framework for driving Thailand. Under this conceptual framework, driving an economy depends on the use of individual knowledge, creativity, imagination, new ideas, and intellectual property by linking with social costs and cultural arts to develop digital technology and create modern innovations for the development of digital technology, the creation of modern innovations, and the creation of new entrepreneurs that can drive the economy from the bottom up to the macro level. Focus on changing and upgrading production processes and creating added economic values in both agricultural and industrial sectors in various dimensions.

The 5th National Academic Conference and International Creative Exhibition of 2023 will be organized under the theme: Sustainability in creative art and design. This is considered an extension of the cooperation of universities, both the public and private sectors with teaching in the various field of arts which consists of Faculty of Fine and Applied Arts - Dhurakij Pundit University, Faculty of Fine Arts -Bunditpatanasilpa Institute, Faculty of Fine and Applied Arts - Burapha University and Faculty of Fine and Applied Arts - Prince of Songkla University, Pattani Campus (Partner network 4U Plus) as a platform for teachers, students, and general interested people to have the opportunity to transfer knowledge, research and creative works in the various field of arts to the public. It is also considered to develop creative research to be able to serve society sustainably in accordance with government policies.

On behalf of the Faculty of Fine and Applied Arts, Prince of Songkla University, Pattani Campus, I would like to thank all members of the 4U Plus network who have participated in driving and foreseeing important achievements that will arise from this project. As a result, the project was successfully completed and sincerely hope that the knowledge gained from research and creative works in the various field of arts will become an important innovation for the further development of the nation.

Assistant Professor Sirichai Pummak
Dean of Faculty of Fine and Applied Arts
Prince of Songkla University
Pattani Campus

Message from Dean
of the Faculty of Fine Arts
Bunditpatanasilpa Institute

The 5th National Academic Conference for the Advancement in Art, Culture and Design & the International Arts & Designs Collaborative Exhibition, 2023 on the topic: Sustainability in Creative Art and Design that organized by cooperation of 4UPLUS network associates. It is consisting of Faculty of Fine and Applied Arts, Burapha University, Faculty of Fine and Applied Arts, Dhurakij Pundit University, Faculty of Fine Arts, Bunditpatanasilpa Institute of Fine Arts and Faculty of Fine and Applied Arts, Prince of Songkla University (Pattani Campus).

The aims of the Project are to promote exchange on technique in teaching - learning, publishing research and creative works in national and international level. Creation of students and instructors network by using the procedure of exchange on understanding, research and academic support, expending the scope of exchange on academic experience, research and arts creative works and in all fields of design between higher education institutions. It is the stage for integration, propagating, development and expending knowledge on culture, arts and creative design to modern society, producing the qualified graduates and be academic excellent person and encourage mutual art resources. It is a usage of art to play a role as national development and also promote publishing creative works in national and international level along with the creation of art and culture standard to be acceptable in nation and in international level.

In the name of Faculty of Fine Arts, Bunditpatanasilpa Institute of Fine Arts, we would like to congrats and we are appreciated that Faculty of Fine and Applied Arts, Dhurakij Pundit University will be the host and the member of 4UPLUS network associates that cooperate in organizing project in year 2023 and it is successfully accomplished.

Assistant Professor Boonpard Cangkamano
Dean of the Faculty of Fine Arts
Bunditpatanasilpa Institute of Fine Arts

Message from Dean
of College of Fine Arts and Design
Tianjin Normal University

Message from Dean
of College of Culture and Creativity
Shih Chien University

On the occasion of the upcoming 5th International Art and Designs2023, on behalf of the staff and students from Tianjin Normal University(TNU), Bin Yao, dean of the College of Fine Arts and Design of the TNU, would like to send warm congratulations and best wishes to the exhibition

According to the theme of the exhibition "Sustainability in Creative Art & Designverse", we organized the staff and students to create and select excellent works to participate in this cooperative exhibition, and carried out relevant academic discussion activities, which further strengthened the art cooperation between Thailand University and Tianjin Normal University. With many in-depth visits, our teachers and students also deepened mutual understanding and friendship. We hope that we can continue to strengthen artistic exchanges and build an international cultural exchange platform in the future.

The College of Fine Arts and Design of the TNU once again wishes the exhibition a complete success and congratulates the artists participating in the exhibition from all over the world. Art has no national boundaries and culture is shared.

I am very glad that the INTERNATIONAL ARTS & DESIGNS COLLABORATIVE EXHIBITION planned by Shih Chien University's International Strategic Alliance School Dhurakij Pundit University and other partner schools is coming to the fifth year. In 2023, it will be conduct by Dhurakij Pundit University and held in Bangkok Art & Culture Centre. This exhibition can promote mutual understanding between different cultures, more art forms can communicate with each other, and diverse design concepts can exchange . College of Culture and Creativity,Shih Chien University feels very honored to be a member of it, and wishes here THE 5rd INTERNATIONAL ARTS & DESIGNS COLLABORATIVE EXHIBITION 2023, can be perfect, excellent and successful.

Bin Yao

Artist Miss Yao Bin
Country China
Institute Tianjin Normal University

Artwork Info. *Modern creative Clothing design, Embroidery, Traditional pattern, Real silk,*

Concept *"The power of clothing does not lie in the bright appearance, but from its heart, just like a person, the inner light can shine his eyes, light up his cheeks, pull up his mouth, brilliant whole face, is so peaceful, soothing, harmonious, but also make the memory long... Perhaps, this is my understanding of the clothing, after years of baptism, experience accumulation, frustrated pain, agitated soul, left: only determined eyes and stubborn stick! Clothing, bearing a kind of "spirit and flesh" duel, is what kind of tangle?! Just like the Libra who does not know whether to live or die, life needs to find a true and pure balance in the real world, no matter how difficult and far it is... On this hard and long road, I want to say that there is no need to look back, let alone look back, because the light of the heart, even in the darkest night, even if it is just a little bit of weak light, can make me feel warm and strength, as I move forward! Dialogue with the soul is the most proud and painful work in the process of human self-evolution, and I am glad that I can use "clothing" to express the most subtle monologue of the human heart....."*

Artist Ms. Zhao Jing
Country China
Institute Tianjin Normal University

Artwork Info. *Creative clothing (Chinese style)*
Concept *Photoshop, Illustrator, AI Design, 59.4 x 84.1 cm.*

This design is inspired by the traditional Chinese women's clothing in the Qing Dynasty. Through the use of modern design techniques and structural styles, this paper makes an innovative design of ancient patterns and clothing features.

Collaborative Exhibition

Theme : Sustainability in Creative Art & Designverse

The Faculty of Fine and Applied Arts Dhurakij Pundit University

Artist Ms. Apinya Wilai
Country Thailand
Institute Program in Technology Ceramics Faculty of Art and Architecture
 Rajamangala University of Technology Lanna Chiang Mai

Artwork Info. Green Galaxia,
 Clay Body: Porcelain, Slip Trailing Technique, 1250°C Size (original)
 30 cm.

Concept This is an enhancing development and creation of a ceramic product. The product is a porcelain necklace with a concept of the galaxy; the movement of gas and dust with green and white colors. The necklace was made from small beads, representing the glittering stars in the galaxy

Artist Mr. Bhasisara Na Rangsi
Country Thailand
Institute Chitralada Technology Institute

Artwork Info. Corporate Identity Design For Independent Music Record Label "WHY ME",
 Graphic Design, 841 x 59.4 cm.

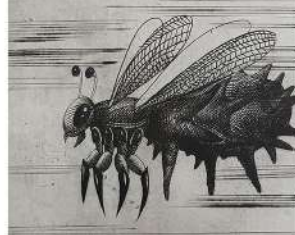

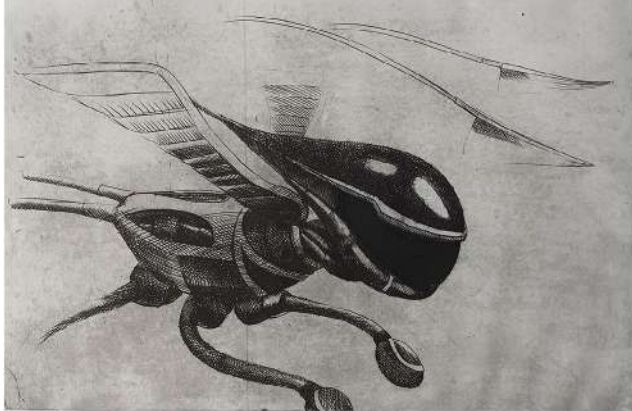

Concept "WHY ME" is a independent record label that promotes diversity and cultivates artists based on who they want to be, with the intention of encouraging diversity. Each artist combines the genres they enjoy into a body of work that expresses their unique identity. Therefore, the approach to corporate identity design integrates the identity of the CEO of the record label "WHY ME".

Artist Mr. Cao Jianlu
Country China
Institute Dhurakij Pundit University

Artwork Info. *Tung flower honey,*
 The poster is produced by computer drawing, and photoshop and Illustrator drawing software are used in the creation, Bottle sticker 4.5 x 4.5 cm, Tote bag 32 x 25 x 13 cm, Product box 15 x 12.5 x 8 cm.

Concept The poster extracts design elements from paulownia flowers and traditional Chinese floral patterns, draws the required graphic elements, and applies them to the packaging design of Lankao Tung flower honey tourist souvenirs.

Artist Mr. Chayan Pol-asa
Country Thailand
Institute Valaya Alongkorn Rajabhat University Under the Royal

Artwork Info. *End of Species,*
 Dry point, 60 x 40 cm.

Concept Create a reflection of the artwork with a 2D creative form. Imagine from animals mixed with machines resembling robots. Whether it is a small or large creature. Create a new breed of characters with villainous personalities that create problems for society. Use the sharpness of the nib needle head to create a mold with a technique called "Dry point". Write stripes and create weight on a tough and soft Pass wood plate. When creating a background with a pen line, it is like writing with a needle on etching with hard-ground technique. Writing lines with a ballpoint pen creates a special texture through the mold. Creative type of Surrealism.

Artist Mr. Chayan Pol-asa
Country Thailand
Institute Valaya Alongkorn Rajabhat University Under the Royal

AN IDYLIC MOMENT

An idyllic moment
 Ceramic sculpture, 2023
 Hand-built, Glazed
 Stoneware clay
 13.5 x 23 X16 cm

CONCEPT

"An idyllic moment" is an artwork created by art therapy, which uses clay to help the creator relax and alleviate pressure. Presenting through ceramic sculptures based on abstract concepts, the word "float" can be interpreted in different ways depending on the individual. The creator aims to represent a story about myself who is floating in the sea. The creator illustrates the human figure and wave through ceramic sculpture that reflects the release of mind. The creator finds own way of releasing and relaxing when floating on the water. It will feel light as we are floating on gravity and waves would still embrace us at the same time.

Artwork Info. *The world is the universe, and faith is ubiquitous,*
Oil painting creation: Cotton linen cloth, oil paint, 115 x 95 cm.

Concept *Through surrealist painting techniques, oil paintings are created using space and Thai temples as materials, mainly based on a cosmological perspective to understand the existence of faith.*

Principle and objective

The 5th International Arts & Design Collaborative Exhibition 2023 (IADCE2022)

“Theme: Sustainability in Creative Art&Designverse”

The 5th International Arts & Design Collaborative Exhibition 2023 marks the fifth edition of this event, aiming to provide a platform for artists, faculty, and students from diverse art, architecture, and design fields to engage in creative exchange. Under the theme of Sustainability in Creative Art & Designverse, this year’s exhibition is the outcome of a collaborative effort between the Faculty of Fine and Applied Arts at Dhurakij Pundit University, the Faculty of Fine and Applied Arts at Burapha University, the Faculty of Fine and Applied Arts at Prince of Songkla University, Pattani Campus, and the Faculty of Fine Arts at Bunditpattanasilpa Institute. The primary objective is to offer a space for lecturers, students, artists, and interested individuals to present their artistic and design creations to the public through an exhibition format.

In addition to the participation of these four institutions, the event also features artists and designers from various countries, including the USA, Germany, Italy, Iran, China, Taiwan, and more. This exhibition presents a significant opportunity for the exchange of knowledge, experiences, and cultures that will shape the future. This year, the Council of Arts and Design Deans of Thailand (CADDT) has joined as a network member in organizing the event. Moreover, they have also approved the appointment of peer reviewers to select works for participation in this exhibition.
